instruments

The Drying Cabinet provides a gentle drying solution, suitable for wool, silk, shoes and other delicate textiles which would not normally be placed in a traditional tumble dryer.

The cabinet offers 16 metres of hidden hanging space and provides special hanging solutions as well as a dedicated shoe rack. Foldable pull-out hangers sit in the centre of the cabinet and offer flexible loading and unloading.

With a drying rate of 17.5g/min and a 3.5kg loading capacity, the Drying Cabinet also features a reinforced and sound insulated door for convenient and non-intrusive drying.

It features a minimalist interface design, and the handle is crafted from high grade aluminium.

## Applications:

- Wool
- Silk
- Shoes
- Textile samples

## Features:

- Timer
- Temperature selection (drying cabinet)
- Remaining time indication
- Temperature, low/normal
- Airing (fan running 2 s/min for 2 h)
- Timesaving, 12 min
- Delayed start, 1-24 hrs
- Time program (0.5-12 hrs)

## Programs

- Auto dry
- Auto normal dry
- Auto extra dry
- Warm Towels 120min
- Cold Dry, max 12hrs
- Drying Time, max 6hrs
- Time Selection
